

Replacement Lanyard Keepers

**01**

Attach easily to any style harness in just seconds

02

Keep lanyard securely parked safely out of your way

03

Protect keeper from damage with split D-ring design

Never trash another harness because of a broken lanyard keeper!

- **SAVE MONEY**
Save on costly harness replacements and lost job time changing gear.
- **INSTALL EASILY**
Quickly attach to any size or style harness in seconds.
- **FIT SECURELY**
Velcro closure maintains the connection to hold keepers in place.
- **ENSURE COMFORT**
Barely-there design means you put them on, then forget them. No rubbing or chafing.
- **ADD DURABILITY**
Built to last with rugged, durable construction.
- **RELEASE SAFELY**
Designed with built-in split D-ring to safely release hook when required without damaging the lanyard keeper.
- **PARK YOUR LANYARD**
Of course, they still provide all the same benefits of lanyard keepers that come built into your harness by keeping the lanyard safely stored while you work.
