Our SRL Family is Growing

Safewaze is dedicated to the expansion of our self-retracting lifeline category.

Our products are tough. Choosing the right one for your job should not be. As we continue to innovate and grow our SRL offering, we continue to be responsive to the needs of our customers. Our new SRL branding provides a structure that allows room for both innovative new products and our proven legacy ones.

This new SRL branding structure groups similar products under one name, allowing you to save time and more easily find just the right tool for your specific job at hand.

Trusted. Rugged. Proven. That's what you can count on from products with the Safewaze name. Of course, our SRLs still have all that – and more.

Introducing new brand names with the same reliable performance.

NORTHSTAR

Overhead Self-Retracting Lifelines

This top-end line of premier SRLs is designed for superior performance with the highest degree of mobility and safety.

Our top-of-the line Northstar SRLs are designed for overhead use, just as the star of the same name guides from above.

LATITUDE

Personal Self-Retracting Lifelines

Find exactly what you need: web and cable, available with a wide variety of hooks and attachment brackets.

Our Latitude series is named for its wide range of use, offering individuals greater freedom of movement while maintaining comfort and performance.

CATEGORY SPOTLIGHT

NORTHSTAR

Our most advanced SRL offering, this premium line is built to increase jobsite productivity and withstand the harshest work environments.

NORTHSTAR CLASSIC

Our dependable workhorse, this performance line is built for solid, reliable operation. An economical solution without compromise.

LATITUDE EDGE

Traditional line for superior protection on leading edges, designed for foot-level tie off for greater access on the jobsite.

LATITUDE PRO

High performance, durable line with revolutionary brake system. Includes arc flash and tie back specialty options.

LATITUDE HD

Versatile line for both personal and overhead use. When the job calls for heavy duty, these are the units you can count on.

LATITUDE

So compact and lightweight, it's virtually unnoticeable. This simple, economic line offers a more versatile option to a traditional lanyard.
