

DOES LEADING EDGE WORK REQUIRE AN SRL? NOT NECESSARILY!

AN LE LANYARD CAN BE USED ANYWHERE YOU USE AN LE SRL AT A FRACTION OF THE COST

- Construction
- Oil & Gas
- Steel Erection
- Bridge Work
- Plant Maintenance
- General Industry

FEATURE	LE SRL	LE LANYARD
Weight	5-10 lbs.	3-6 lbs.
Arrest Distance*	Up to 121"	Max 60"
Versatility	Medium	High
Durability	High	High+
Working Length	> 10'	6'
Retail Cost	\$400-\$800	\$100-\$200

*Arrest distance comparing both units to a 12' ANSI free fall - Always refer to manufacturer guidelines for fall clearance calculations

A leading-edge lanyard generally **weighs less** for greater comfort with **shorter fall arrest distances** and **greater versatility** in use and worker weight. Plus, a **shorter length** allows for easier maneuverability – all at a **fraction of the cost** both upfront and on replacements, saving hundreds of dollars.
