BEST PRACTICES:

- **Limit inventory on display:**

Choose display items strategically and keep additional stock in back or adjacent to the display area.

- **Keep product accessible:**

An area free of clutter and unnecessary items invites customers to explore the products.

- **Provide appropriate signage:**

Help your customers find what they are looking for with visible signage that fits the space.

- **Maintain the area:**

Wow, it looks great after it's set up! Regularly check the area to ensure it stays well-stocked, neat and inviting.

- **Ensure proper lighting:**

Good product lighting means the customer can see the product and read the labeling.

RULE OF THREE:

GROUP PRODUCTS INTENTIONALLY:

- In order – good, better, best
- By length – short, medium, long
- By size – small, medium, large
