### CREATE YOUR COMPLETE DROPPED TOOL PREVENTION SYSTEM

- 1 ANCHOR POINT
- 2 ATTACHMENT
- 3 TETHER

Safewaze ToolCuffs are designed and engineered to properly manage a falling object in the weight classification they are specifically rated to. Each item has been tested in accordance with the strict ANSI/ISEA 121-2018 requirements.

### FREE FALL IMPACT FORCE CHART

FEET	6	50	100
<b>IMPACT FORCE RATING IN POUNDS</b>			
POUNDS			
1	59.3	493.8	987.6
2			
5	296.5	2,469.0	4,938.0
15	889.4	7,407.0	14,814.0
35	2,075.3	17,282.9	34,565.9
80	4,743.6	39,503.9	79,007.7

**CHART WARNING:**  
An object dropped at any height should be considered dangerous or even deadly. The purpose of this chart is to emphasize the enormous impact force generated with an object dropped from height.
